Summary

Full Stack Engineer with experience building scalable web applications using **React.js**, **Next.js**, **Node.js**, and **PostgreSQL**. Skilled in frontend development, REST API integration, performance optimization, and accessible web design. Experienced working in Agile environments and collaborating across cross-functional teams to deliver production-ready applications.

Technical Skills

- **Frontend:** React.js, Next.js, Tailwind CSS, HTML5, CSS3, JavaScript (ES6+)
- **Backend:** Node.js, Express.js, REST APIs
- **Databases:** PostgreSQL, SQL
- **Languages:** JavaScript, C++, Python, Java
- **Tools & Platforms:** Git, GitHub, GitLab, AWS CodeCommit, JIRA, Postman, VS Code
- **Concepts:** Agile/Scrum, Responsive Web Design, SEO, Web Accessibility (WCAG), OOP, DBMS, Operating Systems, Data Structures & Algorithms

Experience

To The New Pvt. Ltd. **July 2025 – Present**
Full Stack Engineer Noida, India

- Developed and maintained production-grade applications using **React.js** and **Next.js** across multiple client engagements.
- Built and enhanced **15+ reusable UI components** with **Tailwind CSS**, accelerating feature delivery and ensuring cross-browser compatibility.
- Integrated **REST APIs** for real-time data rendering and worked with backend teams to streamline application workflows.
- Reviewed code and supported junior developers with debugging, improving team delivery quality.

To The New Pvt. Ltd. **January 2025 – July 2025**
Full Stack Developer Intern Noida, India

- **Tech Stack:** React.js, Next.js, Node.js, Express.js, PostgreSQL, Tailwind CSS
- Built reusable frontend components and worked on backend API development and database operations using **Node.js**, **Express.js**, and **PostgreSQL**.
- Participated in Agile sprints including bug fixing, code reviews, and source control using **Git**, **GitLab**, and **AWS CodeCommit**.

Projects

Tata Play Hotel Management System | *React.js, SCSS, Tailwind CSS* **Mar 2026 – Present**

- Led UI improvements across multiple modules of an enterprise hotel management platform, enhancing usability and visual consistency.
- Implemented a **concurrent login system** supporting distinct Admin and Super Admin roles with session isolation and access control.
- Developed end-to-end UI pages and handled **complex API integrations** for dynamic content rendering across user workflows.

Tata Play Live TV App | *Next.js, SCSS, Tailwind CSS* **Dec 2025 – Mar 2026**

- Implemented **SEO** across the entire platform including structured URL design, dynamic meta tags, and semantic markup, improving search engine discoverability.
- Resolved **15+ UI bugs** and improved **web accessibility** compliance by applying **WCAG 2.1** standards across key user journeys.
- Optimized page rendering and component structure, contributing to faster load times and a smoother viewing experience for end users.

MedCare Connect – Full Stack Doctor Appointment Platform | *Next.js, Node.js, Express.js, PostgreSQL*

- Developed a full stack doctor appointment platform enabling doctor discovery, appointment booking, and availability management.
- Implemented **SSR** using **Next.js** to improve SEO performance and initial page load speed.
- Built backend APIs using **Node.js**, **Express.js**, and **PostgreSQL** for appointment and user management workflows.
- **GitHub:** MedCare Connect

Education

Department of Computer Science, University of Delhi **2023 – 2025**
Master of Computer Application, **CGPA: 7.8** New Delhi

Miranda House, University of Delhi **2019 – 2022**
Bachelor of Science, Physical Science with Computer Science, **CGPA: 9.045** New Delhi
